.....

.....

Members have meetings six times a year with the Practice Manager and a GP Partner.

You would need to be able to attend these at 13.30 and they are currently held on Thursdays for one hour.

In addition, the PPG meet six times yearly without Practice representation. These meeting times vary according to the availability of members.

The aim of the PPG is to:

- Act as critical friends of the practice.
- Offer feedback on the patient perspective.
- Improve communication.
- Help to promote good health.
- Offer practical support to the practice
